WORK EXPERIENCE

Front Desk Agent, York Hospitality LLC

January 2016 – Present

- Ensured the accuracy of financial records by meticulously balancing accounts on a regular basis. Conducted thorough examinations of daily reports to validate totals, guaranteeing precision in financial transactions and record-keeping.
- Answered multi-line phone system to respond to inquiries and transfer calls to the correct departments and personnel.
- Proficiently calculated billings, meticulously documenting and posting charges to room accounts. During the checkout process, engaged with guests to review and clarify any charges, fostering transparency and guest satisfaction.
- Ensured adherence to legal regulations by diligently completing tax forms. Maintained a comprehensive understanding of tax requirements to fulfill obligations accurately and ethically, contributing to the organization's compliance and financial integrity.

PROJECTS

To-Do List-JavaScript

December 7th-December 10th

Individual Project

- Developed a dynamic To-Do List application using JavaScript, showcasing proficiency in DOM manipulation, event handling, and data storage to ensure seamless user interactions.
- Structuring the user interface using HTML elements.
- Styling the application with CSS to create an intuitive and visually appealing interface.
- Creating a responsive layout that adapts to different screen sizes.

Weather Application-JavaScript

December 10th-December 16th

Individual Project

- Successfully integrated the OpenWeatherMap API, enabling the app to fetch accurate and up-to-date weather information for any city worldwide.
- Incorporated interactive features, allowing users to input a city through a search bar. The app updates weather details dynamically upon user input, enhancing user engagement.
- Implemented event listeners for both the search button and the Enter key in the search input, optimizing user flow and accessibility.

Portfolio-JavaScript

December 17th-February 7th

Individual Project

- Designed and implemented a modern, responsive layout using HTML, CSS, and JavaScript to ensure an optimal viewing experience across devices. Prioritized user-friendly navigation and intuitive design elements to enhance the overall usability of the portfolio.
- Employed a minimalist design approach to maintain focus on content, allowing visitors to easily navigate and understand my skill set and project contributions.

SKILLS

- Programming: Java, JavaScript, HTML, CSS, MySQL, React.js
- Language: English, Gujarati
